

Guidelines on Internship Regulation

These guidelines are operable within the disciplinary extent of the Indian Society of Artificial Intelligence and Law for the interns and externs recruited by a concerned superior (according to the Guidelines on the Positions of Responsibility and Resignation available at isail.in/about).

1. All Assignments including Policy Analyses, Policy Briefs, Reports, Literature Review & Papers submitted to the Organization through their concerned supervisors or superiors or directly cannot be reproduced, republished anywhere else. The authorship of the assignments as per the Research Guidelines is vested within the author(s) who have contributed to the same;
2. The intern(s)/extern(s) have the right to distribute the assignment published in the decided form by the Organization;
3. Submission of any assignment to the Organization entails transfer of publication rights with respect to that assignment to the Organization;
4. Any temporary leave of upto 2-5 days and not beyond the same provided that it is requested by an intern/extern, may or may not be granted by the Research Coordinator after due permission of the Secretariat;
5. Extensions to internship/externship will only be granted at the discretion of the Research Coordinator and the Secretariat based upon the intern's/extern's performance respectively;
